# *The* **WORLD** *of* **BRIZO**®

**THE BRIZO EXPERIENCE DOESN'T BEGIN AND END  
WITH A PRODUCT, COLLECTION OR SPACE. IT LIVES IN THE  
STORIES WE TELL, THE COLLABORATIONS WE FOSTER,  
AND THE VALUES WE DISPLAY IN EVERYTHING WE DO.**

**THIS IS THE WAY WE SEE THE WORLD.  
THIS IS THE *WORLD OF BRIZO.***

# *LIVING FASHION*

*We believe that fashion isn't just about clothes. It's a lifestyle.*

It's the culture we experience, the places we travel, the things we eat—and yes, the way we design our homes.

For those who embrace fashion as a lifestyle, every choice they make is an opportunity to make a statement. To put their taste and perspective on display. To elevate their surroundings—and inspire those around them.

Those people aren't just wearing fashion; they've living it.

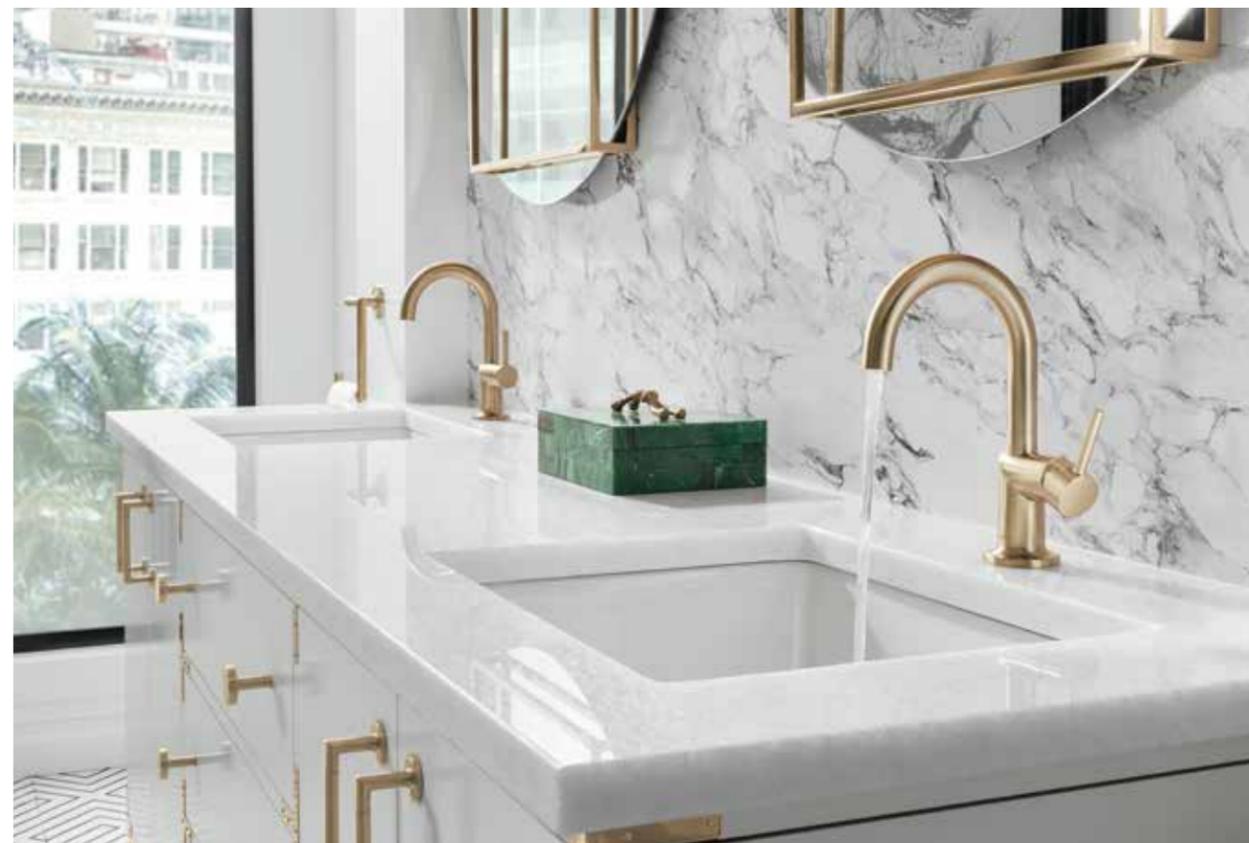

*Every statement piece should be a*  
**COLLECTION**  
*OF STATEMENT PIECES*

Confidence has a look. And cutting-edge design is the driving force behind every Brizo® collection. But it doesn't stop with mere visual appeal.

Brizo designs are true luxury that draws you in—and then rewards your attention. Subtle touches reveal themselves: a carefully chosen texture, the flawless intersection of two forms, the reassuring solidity of a perfectly weighted handle.

For us, truly inspired design means more than creating a statement piece. It means creating a statement in every detail.

# *The Beauty of* CONCRETE

## A FEAT OF ENGINEERING FOUR YEARS IN THE MAKING.

The Vettis™ Collection was born from a deep respect for nature and its strength. Now, that vision is fully realized in the limited edition Vettis Concrete faucet. Formed using the raw materials of water, stone and charcoal, this limited edition faucet is truly unprecedented—both a force of nature and a work of art.

Water and stone combine in the ultra-high performance concrete formulation, providing both the fluidity and strength required for the faucet's stunning angles. Pure charcoal lends its signature hue to the sculpted figure, while embedded fibers fortify its structure. As its patina evolves over time, each faucet develops a rich complexity.

COLLABORATIONS

JASON WU

# A FITTING *Collaboration*

MICHAEL VOLTAGGIO

# *A Taste For* REINVENTION

When we first met Jason Wu in 2007, we knew his pioneering sense of style would make him the perfect fit for the Brizo® brand. The timeless luxury and craftsmanship of his clothing reflects the elevated form and function of our designs, and his visionary sense of style has enriched our own fashion and beauty perspective.

The collaboration has evolved over the years, culminating in the Jason Wu for Brizo™ Bath Collection. Influenced by Jason's signature aesthetic, the collection features sleek and modern architectures wrapped in a striking matte black finish. In every way, the pieces deliver Jason's original vision of true fashion for the home.

As we work to create the future of luxury, we draw inspiration from every artistic discipline. This holistic approach led us to work with Michael Voltaggio, an award-winning chef and restaurateur known for his modernist cooking techniques.

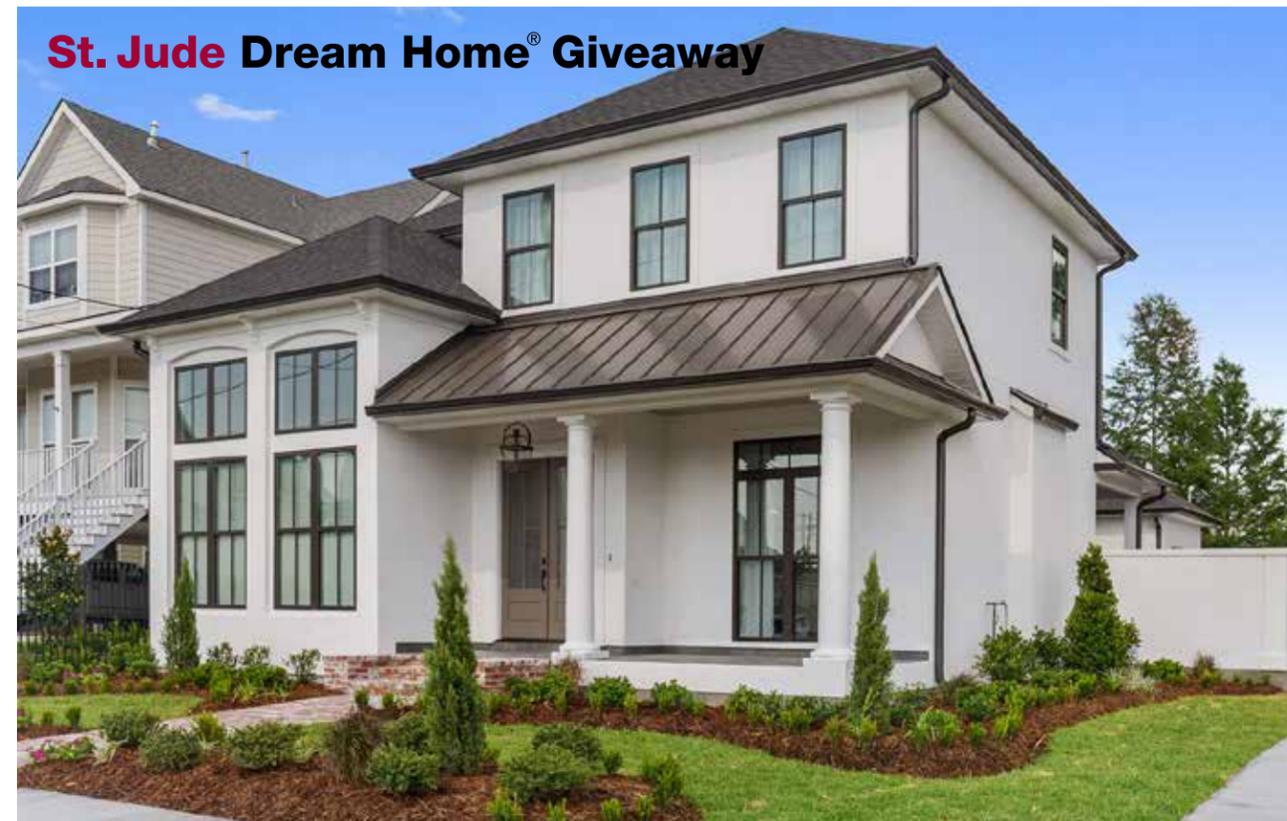

Michael's pioneering mindset mirrors the many ways in which Brizo designers are reinventing what's possible in the kitchen—and his forward-thinking style makes him an ideal influencer in the kitchen space. As we continue to lead through culinary innovations such as our award-winning Articulating Kitchen Faucets, we look forward to working with Michael and breaking new ground.

*It's not just the things we make.*  
**IT'S THE MARK**  
 WE MAKE ON THE WORLD.

**W**e're committed to progress—continually improving not only our products but also the world around us. And one way we show this commitment is through our ongoing support of St. Jude Children's Research Hospital®.

St. Jude is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases. Treatments invented there have helped increase the overall childhood cancer survival rate from 20 percent when the hospital opened to above 80 percent, and St. Jude won't stop until no child dies from cancer.

2018 St. Jude Dream Home | New Orleans, LA | Hyman L. Bartolo Jr. Contractors, Inc. | IMOTO Photography

In 2010, the Brizo® brand became the first national sponsor of the St. Jude Dream Home® Giveaway. This fundraiser supports the lifesaving work of St. Jude while giving thousands of people the opportunity to win a beautiful new home. Volunteer builders work tirelessly—using donated land, labor and materials, including more than \$5 million in Brizo products and monetary donations—to make this initiative possible.

REDEFINING THE  
**LUXURY**  
KITCHEN.

EVERY PIECE IN A  
BRIZO COLLECTION IS  
DESIGNED TO MAKE  
A STATEMENT.

Stunning kitchen faucets command attention, while bar and prep faucets and pot fillers tie the room together cohesively. Accessories, such as soap pumps and drawer pulls, complete the look—ensuring that even the smallest details have been honed to perfection. We've further elevated the entire culinary experience through forward-thinking innovations:

**SMARTTOUCH® TECHNOLOGY**

Turn the faucet on or off with a simple touch, while TempID™ Technology tells you if the water is cold, warm or hot with an LED light.

**THE ARTICULATING KITCHEN FAUCET**

Available in select collections, this innovative design features a larger range of motion than a traditional pull-down faucet—effortlessly adjusting to suit the needs of the moment.

**DIAMOND SEAL® TECHNOLOGY**

This diamond-coated valve is built to last up to two times longer than the industry standard (based on ASME 112.12.1 of up to 500,000 cycles).

*An industrial evolution.*

BATH COLLECTION

BELOW: Widespread Lavatory Faucet with Channel Spout and Lever Handles with optional white Handle Inserts in *Brilliance® Luxe Gold™* (GL)

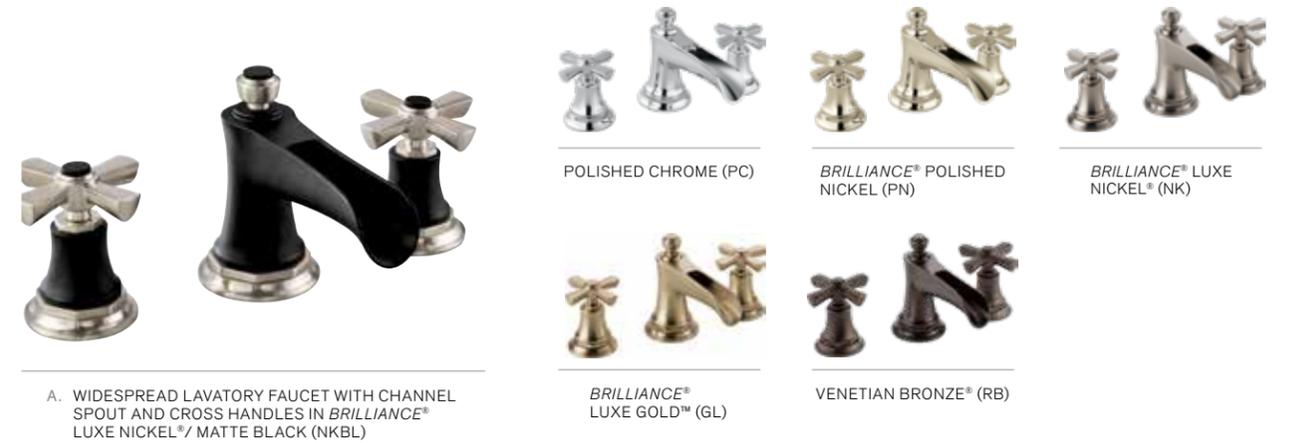

ABOVE: Single-Handle Lavatory Faucet in *Brilliance® Luxe Nickel®/Matte Black* (NKBL)

Combining a contemporary, masculine edge with a nod to early-1900s traditionalism, the Rook® Bath Collection by Brizo® is an arresting, modern interpretation of a stately aesthetic. Its octagonal base evokes the weighted refinement of a chess piece, combined with the debonair precision of a watch's gear. This is traditional, transformed.

**THE SOTRIA<sup>®</sup>**  
BATH COLLECTION

BELOW: Two-Handle Wall Mount Lavatory Faucet in *Brilliance® Polished Nickel (PN)*  
 The Christopher Kennedy Compound Showhouse | Palm Springs, CA | Christopher Kennedy | Nathan Cox Photography

Inspired by the optimism of mid-century America, the Sotria® Bath Collection by Brizo® takes the spirit of the 1950s and reimagines it for the modern world. Influenced by the aesthetic of airplane wings and automobile tail fins, its striking silhouette begins with an elegant round base that gives way to sleek lines and a triangular spout. The intrigue of this aerodynamic form gives flight to the imagination.
