JACUZZI® BRAND IS AN ICON

Legendary for performance, reliability and ease of use, we set the standard by which all hydrotherapy is measured. While imitation may be the sincerest form of flattery, only 60 years of innovation can produce swim spa designs made to the demanding standards of the Jacuzzi® Brand.

Jacuzzi® Brand products are manufactured in 5 countries, enjoyed in more than 100 countries worldwide, and employ thousands of people around the world. Representing decades of innovation, design, performance and ease of use, the Jacuzzi® Brand is trusted by millions of customers globally.

HERITAGE

When the seven Jacuzzi brothers immigrated to the U.S., they had no idea that a pump they designed for orchards would revolutionize hydrotherapy in the home. While the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness founded an industry.

CELEBRATING

60

YEARS

OF HYDROTHERAPY

The Jacuzzi family departs Italy for the United States and transforms the aviation and agriculture industries.

When Ken Jacuzzi, age 2, is diagnosed with rheumatoid arthritis, his father invents a portable hydrotherapy pump to provide pain-relieving hydrotherapy.

Jacuzzi soon became a household name thanks in part to repeated appearances on the national daytime television show, *Queen for a Day*, which boasted 20 million viewers. The Jacuzzi® Brand became an overnight sensation.

Through the years, the Jacuzzi® Brand has been awarded more than 700 patents, laying our foundation for unmatched hydrotherapy and leading to breakthroughs in jet engineering, design, and the technology.

With a foundation in health and wellness and a dedication to research and innovation, Jacuzzi continues to develop products that improve the lives of both high-performance athletes and everyday people while leading the industry as the most recognized brand in the world.

PERFORMANCE

Jacuzzi® premium products support the needs of high endurance athletes and teams who are committed to maintaining and improving their quality of life, both during and beyond their active careers through the power of hydrotherapy. Whether you're a professional athlete or a weekend warrior, Jacuzzi® products increase your ability to train, recover, relax and perform, harnessing water's natural ability to heal the mind, body and soul.

The Jacuzzi® Brand proudly partners with endurance athletes and professional teams around the world.

JACUZZI® SWIM SPA

PRECISION SWIM

The best high-performance swim experience combines the latest aquatic technology with the expertise of Jacuzzi® PowerPro® Jets for a predictable swim.

BALANCED SWIM JETS ■

Adjustable flow of the swim jets produces consistently smooth water simultaneously, so that you can maintain a steady swim without being pushed out of your swim lane.

REFLECTIVE HIPS ■

A unique shell design incorporates hips to stop reflective waves, so you can always enjoy the perfect swim.

FLOW RETURN SUCTIONS ■

Suctions towards the back of the swim spa pull the flow of water for a more predictable current.

STEADYSWIM™ BUOYANCY JET

A unique buoyancy jet combines just the right amount of air with an extremely predictable current to help elevate you into the proper body position so you can focus on perfecting your stroke.

PRECISION SWIM

HYDROMASSAGE

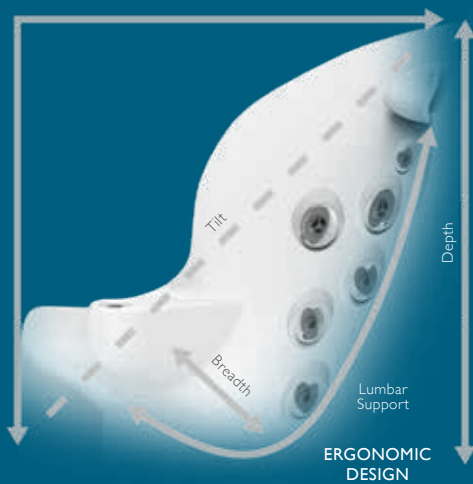

Through the combination of versatile PowerPro® Jets, and our ergonomically designed seats, our products deliver an adjustable high-flow, low-pressure hydromassage and a powerful swim experience.

ANTHROPOMETRIC DIMENSIONS

By studying the anthropometric dimensions of the 5th percentile of females and 95th percentile of males, we can design hydromassage based on the average dimensions of 90% of the population to deliver a personalized massage.

MUSCLE STRUCTURE
JET CONFIGURATION

ERGONOMIC SEATING

Seats designed to follow the contours of the body and recessed jets placed to perfectly match the muscle structure of the human form delivers a comfortable, premium hydromassage experience for most body types.

COMPLETE BALANCE

Using the Aqualibrium® Formula, each jet is individually calibrated to deliver the perfect balance of air and water, then precisely paired with the exact pump-to-jet ratio needed to ensure a balanced experience in each and every seat.

Jacuzzi® Swim Spas feature four seats designed to follow the contours of the body. Adjustable pillows and recessed PowerPro® jets placed to perfectly match key muscles used to swim deliver a comfortable, premium hydromassage experience.

HYDROMASSAGE

RX JET THERAPY SEAT

Targeting common swim muscles, the spinning RX jet seat delivers comforting **relief to the back and neck** utilizing the highest performance hydromassage the Jacuzzi® Brand offers.

FX THERAPY SEAT

Alleviating swimmer's soreness in the **neck, shoulders and back**, the full coverage massage seats delivers a deep, adjustable, rifling, spiral stream of air and water.

CLEAN WATER

We put the choice between chlorine or bromine systems with the power of UV-C technology.

CLEARRAY® UV-C TECHNOLOGY

Nature-inspired technology neutralizes pathogens

Provides a soft, silky feel to the water

Same technology used in bottled drinking water, aquariums, and hospitals

Sophisticated yet simple, our water management system is truly designed for ease of use and exceptional performance. Utilizing **CLEARRAY®** technology and multi-stage filtration, Jacuzzi® Brand technology makes it easy to maintain clean and clear water.

MULTI-STAGE FILTRATION PROCESS

Hydromassage Pump

Dedicated filtration cycles on hydrotherapy pump

Surface Skimmer Weir Door/ ProCatch™ Bag

Cleans surface, trapping floating and large debris for easy removal

Two 60 Sq. Ft. Pleated Cartridge

Removes large and small particles, giving you the cleanest water possible

CLEARRAY® UV-C TECHNOLOGY

Instantly clarifies the water:

- Nature-inspired ultraviolet light to neutralize pathogens in the water
- UV-C Technology has been used in the bottling and beverage industry, municipal water plants, hospitals, aquariums and more for years
- Neutralizes 99.9% of water-borne pathogens

CLEAN WATER

CLEARRAY® PRO₃TECT™ AUTOMATIC OXIDIZER (OPTIONAL)

Part of the CLEARARRAY® Water Management System, CLEARARRAY® PRO₃TECT™ supports a hands-free approach to water care for clean, clear water.

- Designed to work with CLEARARRAY® UV-C technology, automatically oxidizing impurities in the water
- This genuine Jacuzzi® part is specifically calibrated to work with the filtration system in your swim spa
- Upgrade any new PowerPro® or PowerActive™ swim spa to include a factory-installed CLEARARRAY® PRO₃TECT™ System

QUALITY

Jacuzzi® Swim Spas are designed for reliability, both inside and out. We believe that quality is only as good as the people, processes and parts behind the products. That's why our products are exceptionally engineered with the best materials to ensure a superior product.

ENERGY EFFICIENT ENGINEERING

The combination of a strong shell, foam insulation, SmartSeal® insulation, insulated floor and fully-adjustable venting help boost eco-efficiency.

PROFUSION™ SHELL

Three layers of material for a strong, scratch-resistant shell

FOAM INSULATION

An air, moisture, and sound barrier adding structural integrity to pipes

SMARTSEAL® TECHNOLOGY

Heat-reflecting insulation made for the coldest winters.

Reflective Hips

Shell design helps stop reflective waves for consistently smoother water

PowerPro® Jets

Adjustable high-flow, low pressure hydromassage

Superior ProLast™ Covers

Custom fit to lock in heat and improve energy efficiency and safety

Programmable Filtration

Efficient self-cleaning technology filters more water in less time

ProFusion™ Shell

Three layers for a strong, scratch-resistant shell

Galvanized Steel Frame

Designed for durability and increased structural support

Superior Foam Insulation

Retains heat, absorbs noise, and supports plumbing

Durable ProPolymer™ Base

Impervious to nature and moisture, and makes installation easy
