HERITAGE

When the seven Jacuzzi brothers immigrated to the United States, they had no idea that a pump they designed for orchards would revolutionize hydrotherapy in the home. While the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness founded an industry.

Jacuzzi® Brand products are manufactured in 5 countries, enjoyed in more than 100 countries worldwide, and employ thousands of people around the world. Representing decades of innovation, design, performance and ease of use, the Jacuzzi® Brand is trusted by millions of customers globally.

WELL-BEING

From the beginning, our focus has always been on improving the quality of life for the people around us. Committed to designing ways to help you build a retreat at home, we give you the power to find serenity exactly when you need it, each and every day.

Some of the smallest habits you love to do can be more beneficial than you realize. As simple as enjoying a cup of coffee, daily rituals can increase your quality of life. Incorporating well-being products into your routine can have the power to foster an increased level of health, happiness, vitality, and spirit in your own home.

With experiences that include Soaking, Heated Soak, Whirlpool, Swirlpool™, Salon® Spa, and Pure Air® Bath, luxury shower systems and beautifully crafted sinks and medicine cabinets, you can nurture both body and mind with a spa-like sanctuary that complements your lifestyle.

As we develop and design the products that enhance your life every day, Jacuzzi will continue to shape well-being around the world.

Hydrotherapy

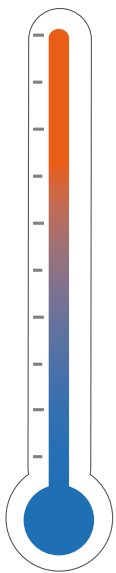

(The therapeutic use of water)

Jacuzzi® bathtubs are ergonomically designed to maximize the benefits of hydrotherapy, allowing people of all body types to fully immerse in warm water.

Benefits of a Full-Body Soak:

1. Relieves the weight of gravity on joints
2. Provides 360-degree support for sore and tired limbs
3. Decreases swelling and inflammation
4. Increases circulation and oxygen in blood cells

Why soaking makes you feel better

- Up to 104°F - Hot water**
Relaxing, promotes sleep by inducing drowsiness
- 93°F - 100°F - Water at body temperature**
Reduces tension, adding Epsom salt facilitates sweating to cleanse the skin and help eliminate lactic acid
- 81°F - 92°F - Lukewarm water**
Helps eliminate water retention
- 65°F - 81°F - Cool water**
Alleviates fatigue
- Below 65°F - Cold water**
Aids muscle recovery from physical exertion

Pure Air® Bath adds soothing bubbles to your soak

Thermal Lumbar Comfort™ (TLC) air injectors target relief to the lower lumbar area, a common trouble spot. TLC is a unique part of the Pure Air® bath experience.

Hydromassage

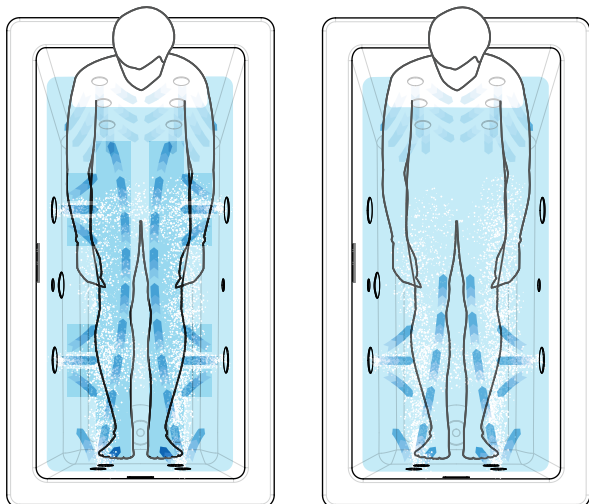

(Moving water for the optimal massage)

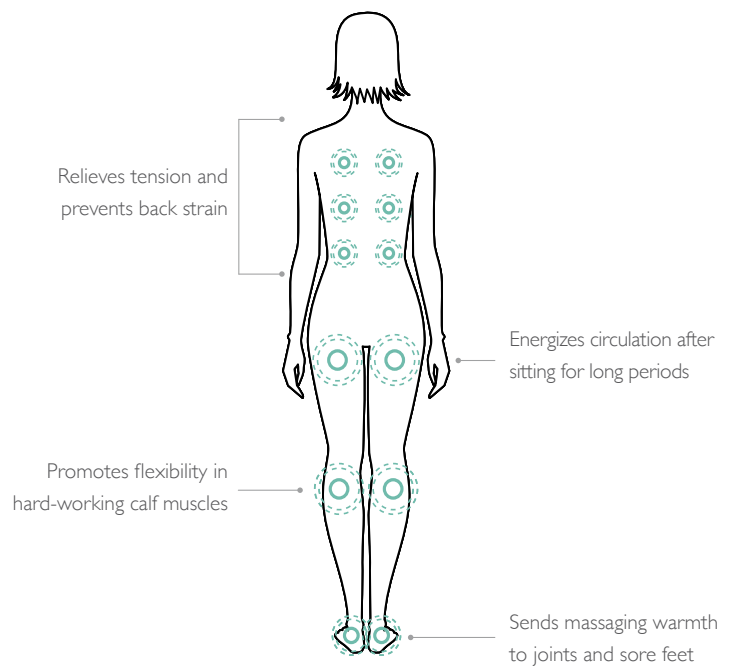

What makes Jacuzzi® hydromassage effective

Gentle pressure on muscle tissue increases circulation. This stimulates blood flow, which can help muscles and joints recover from fatigue or injury, and makes it easier to move.

The exclusive, patented TargetPro™ jetting offers adjustable jet stream direction and intensity for a personalized massage experience.

Hydromassage soothes fatigue

CleanLine® System: Engineered to Provide a Cleaner Bathing Experience

Standard on Jacuzzi® Jetted Bath Experiences

CLEANLINE® TECHNOLOGY

Anti-microbial additives are standard in all water lines in Heated Soak, Whirlpool, Swirlpool™ and Salon® Spa bathtubs.

NON-POROUS ACRYLIC SIMPLIFIES CLEANING

The non-porous characteristic of acrylic defends against penetration of microorganisms into the surface.

AUTO-DRI™ FEATURE

The pre-programmed Auto-Dri™ feature drives excess water from air lines in Salon® Spa and Pure Air® bathtubs.

DRAIN-DOWN PLUMBING

Drain-down plumbing in Salon® Spa, Pure Air®, Whirlpool, Swirlpool™ and Heated Soak baths helps properly drain water lines.

SYSTEMS CLEAN™ JETTED BATH CLEANER

Systems Clean™ jetted bath cleaner can be used to quickly deep clean, sanitize and deodorize Heated Soak, Whirlpool, Swirlpool™ and Salon® Spa baths.

OUR MATERIALS

Solid Surface

Using our premium Luxecast® composite material, containing minerals derived from natural stone, we have created more sophisticated and imaginative designs in bathtubs and sinks than ever before.

Lighting

Chromatherapy is the use of color and light to restore balance and well-being.

CHROMATHERAPY

Jacuzzi® Chromatherapy features LED lighting through one or two wall-mounted lenses, echoing the colors in nature that come from light.

On select Fuzion® models and the Elara® Plus, Chromatherapy is available as a lighted neck-massaging waterfall.

ILLUMATHERAPY®

The exclusive technology of LED Illumatherapy® makes color and light sparkle throughout the bathing well from within four patented TargetPro™ jets. Also included with Swirlpool™ jets.

Bathtub Controls

The Jacuzzi® Brand took the industry lead by making sophisticated electronic controls a standard feature. Intuitive design makes Jacuzzi® bathtub controls easy to use.

J6 Glass Touch

- Illuminated glass touch control
- Activates jets, lights and waterfall
- Pivots to reveal salt mixing chamber
- Exclusive to Arga™ Collection

Upgrade: J5 LCD

- Programmable full-color LCD screen
- Personalize your bathing experience even more
- Use quick-start menu or store your preferences in memory

J4 Electronic

- Scroll through colors and dim lights
- Push-button wave action
- Responsive LED indicators
- Control jet and air volume

J2 Electronic

- Scroll through colors and dim lights
- Adjust air volume (Pure Air® only)

Whisper+ Technology

Our quietest jetted experience of all, a brushless motor mounted on the Whisper vibration-absorbing base reduces noise and vibration up to **66%** while using **60%** less energy and transferring heat back into the water.*

Whisper Technology®

A vibration-absorbing mount allows you to enjoy the benefits of a jetted bath with less noise and vibration.

THE JACUZZI® BRAND HISTORY

**EARLY
1900s**

The seven Jacuzzi brothers emigrated from Italy to California. Hard-working inventors, they broke new ground in aviation and agricultural hydraulics.

1956

Brother Candido Jacuzzi developed the J-300 pump to provide pain-relieving hydrotherapy to his son, who suffered from arthritis.

1968

Third-generation Roy Jacuzzi designed the jetted bath, which was the first to incorporate jets into a bathtub, leading to family-sized bathtubs and eventually, the modern hot tub era.

2000

Jacuzzi® Brand bathtubs and hot tubs were sold in more than 75 countries, and new advancements emerged, including pump systems and jet technology.

2017

Launch of CleanLine® anti-microbial piping on all jetted products as well as Whisper+ Technology® for the quietest bath in the industry.

2019

Jacuzzi Luxury Bath expands offering into other bathroom categories, including fillers, faucets, sinks and medicine cabinets.

TODAY

Jacuzzi Luxury Bath introduces the Arga™ Collection, the first freestanding bathtubs that deliver the Swirlpool™ Experience and Epsom Salt delivery in the U.S.
